McCamish School of Business

Third Annual Business Educator Workshop and Conference

Saturday, February 12, 2011, Waleska Campus 9:30 am – 1:30 pm (Lunch will be provided)
The Conference attendees will meet our faculty, see our campus, listen to engaging speakers, participate in a roundtable discussion, and learn what we can do for you.

Faculty Roundtable discussion:
The discussion will include your thoughts on topics that are relevant to you and to us. Let us tell you about our students, our instructors, and our programs.

Speakers: Our faculty will discuss a variety of topics that are pertinent to both your classroom and ours as well as give you some handouts to take back to your schools. Our students will also tell you about their experiences with us. We'll give you the opportunity to share your insights with us. So, we partner together to create successful student learning opportunities.

About Us: The McCamish School of Business at Reinhardt University offers a Bachelor’s of Business Administration program at the Waleska campus, an Organizational Leadership Program with several tracks including public safety leadership for working adults, and also a Master of Business Administration at the North Fulton Center in Alpharetta, Georgia. The business program is one of the largest programs at Reinhardt University with approximately a third of the students. Our instructors have years of corporate and classroom experience. We have several business student organizations and hands on opportunities for students.

RSVP: Contact Dr. Katherine Hyatt, keh@reinhardt.edu or 770-720-5591 or complete the form below
