FOUNDED

When I think of yesterday I think of college . . .
Where I began to know myself . . .
I think of meeting new friends and learning
to live with others . . .
of getting dressed on the way to class . . .
of sitting in the grill and solving the
world's problems.

I think of a special time in my life.

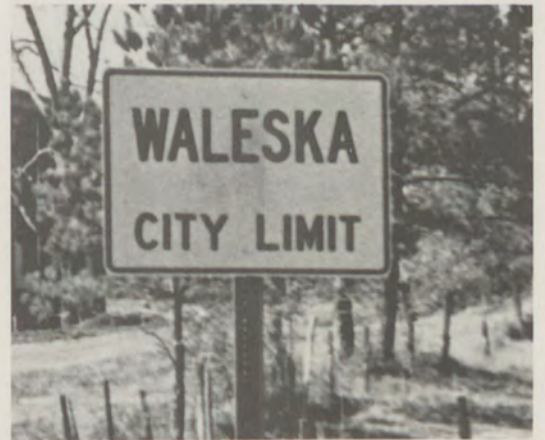

College is an experience unlike any other;
it is a time for breaking home ties and
growing up. College is for once in my life.

Reinhardt College ... a collection of land and buildings ... but more ... growing ... yet maintaining dignity and grace ... maintaining student identity ... in early fall a painting of leaves ... in winter, a light magic snow ... and in spring, a long twilight dusted like soft powder through the trees ... and the smell of new mown grass.

Fall: Twelve Weeks Till Christmas

Continued from Page 1-A

are needed, he said, because Cobb County is under orders from the Federal Water Pollution Control Board to clean up the Chattahoochee River. The higher rates took effect on Aug. 1 and they'll remain that way until the bonds are paid off 30 years from now.

The new Citgo office building at the corner of Peachtree and Lenox Road has a mirrored facing. Late in the day the sun hits the mirrors and blinds motorists. The same thing happens in the morning when you're headed toward town. I'm surprised that the city would allow them to put up a dangerous facing such as that.—T.B.

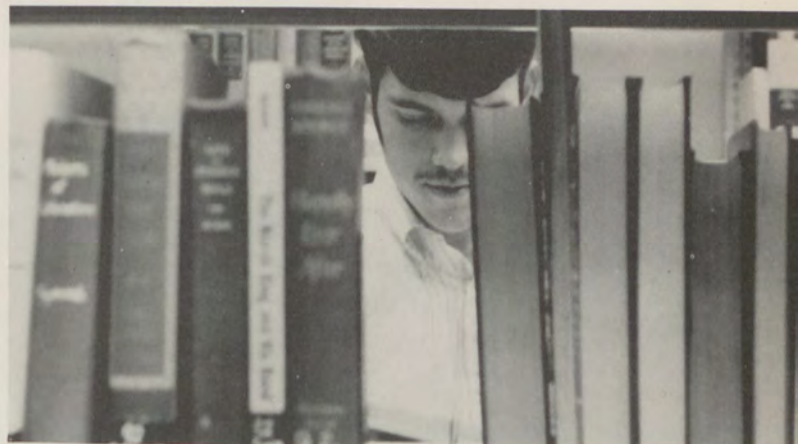

The city's concerned. The owners have been told that they'll have to correct the problem. They plan to landscape the area and break up the reflections with additional foliage and willow trees, some of them 50 feet high.

My 6-year-old daughter has had an operation on her legs. She's in a cast all the way down. She's going in the hospital again for seven days, but she'll need a wheelchair when she gets out so she can move around. Can you help? — Mrs. M. M., Chamblee.

Easter Seals can help. Their rehabilitation center is furnishing a wheel chair.

Beginning with what Mrs. Bailey refers to as "our own little circus": registration ... moving in the same old place ... registering complaints ... moving in the new place ... bewildering the advisors ... paying for an education ... thus the year begins ...

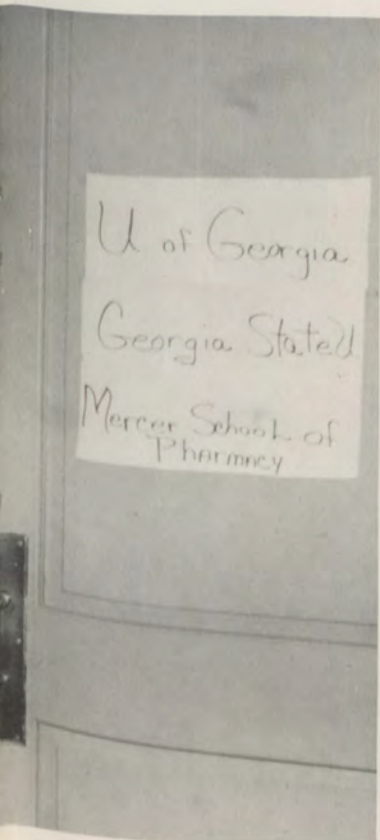

Routine of classes is broken by intramural football games ... motorcycle rides ... Mr. Yates takes time from his busy schedule ... to autograph copy of his *History of Reinhardt College* ... Mrs. Duke ... gets public relations on the move ... Boys decorate for Christmas.

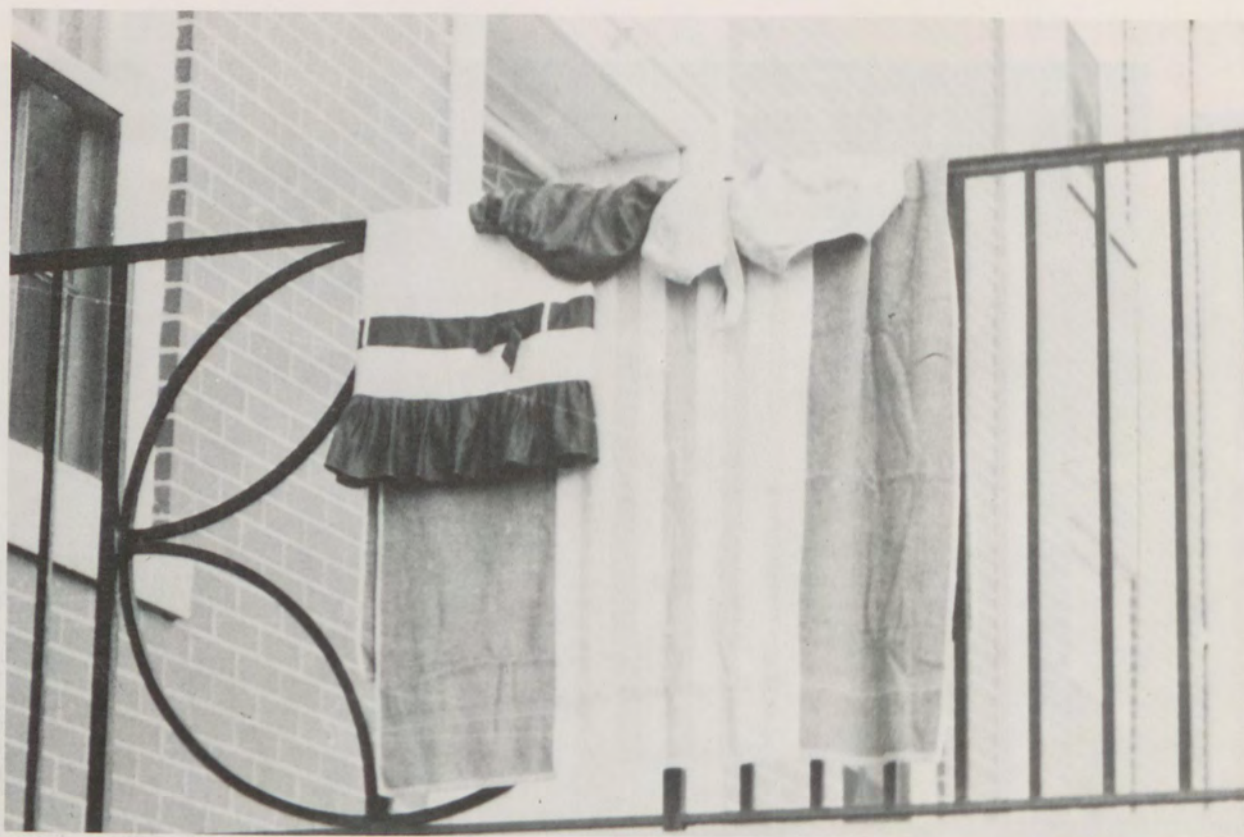

Winter: The Short Quarter

Snow and sleet ... good time to study ...
College Day ... Late hour deadline ... work
session prompted Mr. Duke to put on his winter
hat ... and check on his "Boss" ...

Spring: The Last Quarter

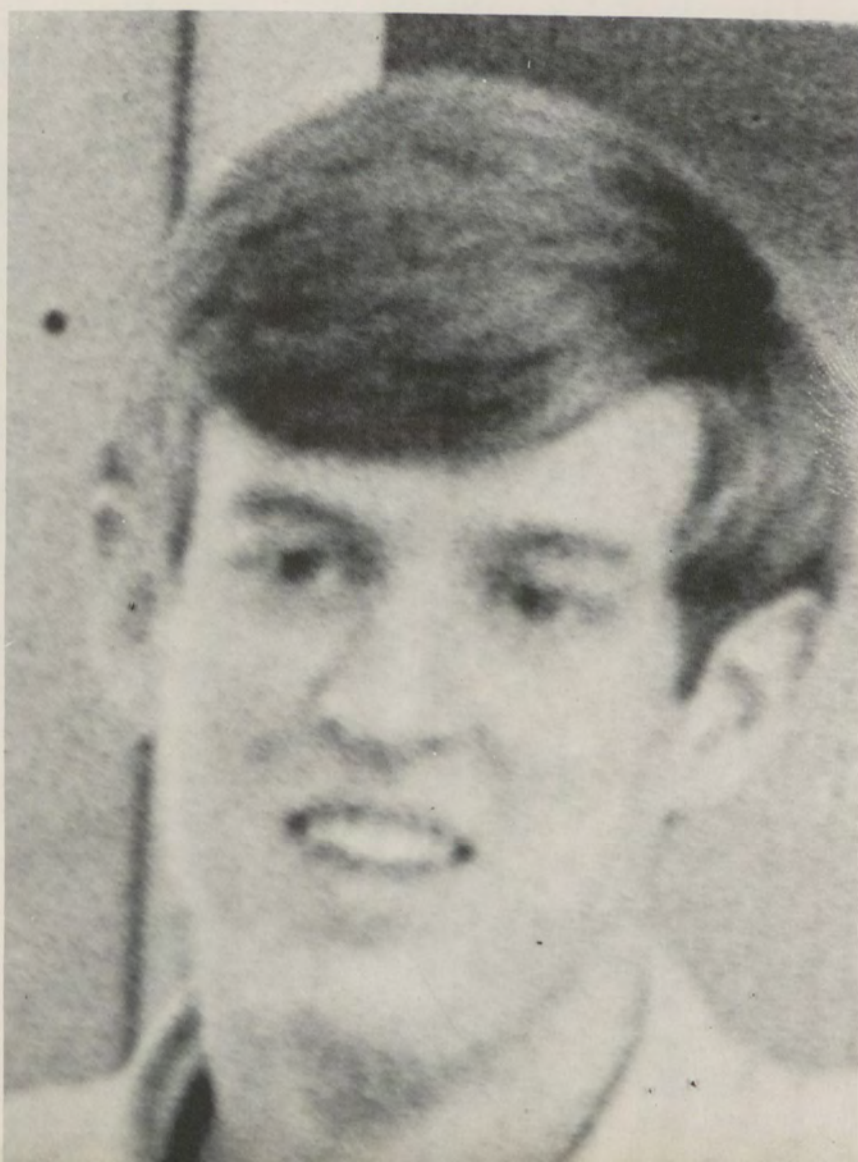

Class cuts double ... bathing suits make the scene ... cars are tuned for migrations to the lake ... Others soak up sun ... while they nap between classes ... Mr. Jackson calls an off-sides penalty ... Students select classes to round out their school year ...

Artist captures mood of Spring as she sketches a whimsical face ... Students cram for finals ... Sadness ... Graduation is near ... Friends say farewell ... A familiar smile reflects the joy of a very good year ...

Dedication

professor pro-fes-er n.: one who teaches or professes special knowledge of an art, sport, or occupation requiring special skill.

Webster's Seventh New Collegiate Dictionary defines a professor thusly. Yet, as is the case in all definitive attempts, the person being defined suffers greatly. In such a definition, there is not any room for warmth, optimism, wit, or error. In short, there is no room left for being human. And this teacher is human. The good kind.

She helps to make Reinhardt College a market-place of ideas. Her intellectualism extends beyond the classroom into the universe. A truly captivating woman!

For these, and reasons which are beyond verbalization, the Sophomore Class of 1970 dedicates this year's Cherokee Phoenix to Mrs. Douglass M. Ruskell.

FACULTY AND ADMINISTRATION

Dear Mr. Chairman:

Reinhardt College is growing everyday. We look around us and we see the new dormitories and the beautiful new library. We are all looking ahead to the day when more new buildings will appear on the college campus.

We, the students of Reinhardt College, appreciate the work and effort being put forth toward the building of the college. We realize that many people are working dilligently to achieve these goals and we are grateful.

We can never repay you and the other members of the Board of Trustees for all that you have done for us, but we can say, "thank you," from the bottom of our hearts!

Sincerely,
The Students

The Seventies And You

Ten years is a long time, but it can pass very quickly if you are excited about life and the things you are doing.

What will you as an individual achieve in the Seventies? Education? Marriage? Children? A home? Will you achieve initial success and a solid foundation for outstanding accomplishment in your chosen work?

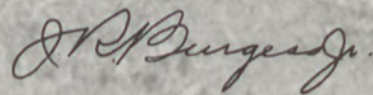

What will we achieve as a nation? As a society? As a world? What responsibility do you have for progress toward peace and happiness for all men?

We can't answer these questions now, but the answers will depend upon what we do today.

"Yesterday is but a Dream,
And To-morrow is only a Vision;
But To-day well-lived makes every
Yesterday a Dream of Happiness,
And every To-morrow a Vision of Hope."

—"The Salutation of the Dawn"
From the Sanskrit

Best wishes for the Seventies.

J. R. Burgess, Jr.

As this annual goes to the publishers ... before the deadline ... my thoughts go to Mrs. Duke, an advisor who cared ... encouragement from the administration and faculty ... loyal support of our sponsors ... a devoted staff with special thanks to Judy Brown and Larry Fowler for their untiring efforts ... and to Ricky Doehla who made emergencies seem routine.

An Editor's task is not easy ... but I am grateful for the opportunity of having a part in telling the story of Reinhardt College ... 1969-1970 ...
