Phoenix  
1975**

A sepia-toned photograph of a rustic wooden fence. The fence is constructed from vertical wooden posts and horizontal rails, some of which are weathered and broken. A vine with small, oval-shaped leaves is climbing over the fence, particularly prominent on the right side. The background is dark and out of focus, suggesting a wooded area.

Two of the most powerful student organizations at Reinhardt are the Student Government Association and the Panhellenic Council. These organizations, composed of students from every facet of the college, actually govern themselves and make recommendations to the administration.

The SGA has four principal purposes. These include: (1) To promote student honor and scholarship; (2) To strive toward a more active co-operation between students and faculty; (3) To promote student welfare and to work for the betterment of Reinhardt College; (4) To encourage student responsibility.

The Panhellenic Council is the central governing body of all Greek social fraternities and sororities on campus. It serves to coordinate the activities of the Greek organizations.

## Lance Agrees

### To Chair

### Trustee Board

Bert Lance, a member of the Board of Trustees of Reinhardt since 1969, has agreed to serve as chairman of the board.

He will be nominated at the Oct. 17 meeting of the board and Dr. Allen O. Jernigan, resident of Reinhardt, presumably he will be elected because "he has wide support among the other trustees."

Lance, president of The Bank of Calhoun, sought the democratic nomination for governor this election year.

We have toiled and laughed--  
Played together; worked together  
Known one another  
Cried together  
But  
All must have an end  
You and I and Us,  
But my soul speaks to me,  
Calmly saying  
That every ending is  
A birth of lives  
Brighter, more beautiful,  
Better.  
With a tear-laden voice,  
From a shattered heart,  
I pray:  
Friend,  
Let it be.

The philosophy of Reinhardt College is based on the belief that people are more important than things, that attainment is more important than indulgence, and that service is important.

### AIMS

To offer two years of high quality education in liberal arts, fine arts, pre-professional and business courses leading to a bachelor's degree or immediate employment.

To provide a core curriculum with sufficient flexibility to be of use to students not pursuing college degrees and also to give students the opportunity to change objectives after entering college.

To strengthen the Christian faith and character of all students and to encourage development of leaders in the religious, educational, social, political, business and professional life of their communities, states, and nations.

To promote in students an understanding and concern aimed at bringing freedom, justice, opportunity, and peace to all the people of the world.

To give to each student the greatest possible individual attention and encouragement to reach his greatest potential as a student and as a person.

To offer a well-rounded program of student activities including intramural athletics, debating, publications, drama, music, social and religious activities.

To make the program of Reinhardt College available to students regardless of their financial resources by providing work scholarships, cash scholarships, and loans as needed.

When you are old and gray and full of sleep  
And nodding by the fire, take down this book,  
And slowly read and dream of the soft look  
Your eyes had once, and of their shadows deep.
