Let me introduce myself to you —

I am Reinhardt College, a private junior college situated among the foothills of the Blue Ridge Mountains.

My 600 acre campus is widely known for its beauty and landscaping.

But more important than the natural surroundings is the people— they are me.

My buildings would be empty and my purpose unknown without them.

For IT TAKES ALL KINDS to make me what I am.

My life starts over every year as
a new, excited group of
freshmen join my life.

I help them along by offering
"quality education in a
Christian context."

And because of my size, there is
a definite closeness
between students and
faculty.

Friendships among the students
also grow rapidly and seem
to be very meaningful.

Education is my business so I must resort to making students spend their allotted time in class. They are presented the academic side of me continuously even though it is, by no means, all of me.

Another side of me is my extracurricular side.

No life exists of just studying so organizations are a part of my life, too.

I allow any student to be editor of the yearbook, student government president, or just an active member of a sorority or fraternity.

Each of my extracurricular activities are very rewarding because they help my students grow and understand themselves better.

My people are all different because it
takes all kinds.
They are kids, they are men, they are
women, they are together but they
are all individuals.
I take care of all of them.
I could not single one out to
represent me or leave one out of the
student body.
Together, they are me.

For my athletic side, I offer intramural sports between the sororities and fraternities.

Included in these are soccer, football, basketball, volleyball, and softball.

It does not take a professional to play these so, for the most part, I provide competition in a fun-filled, clean way.

Also, athletes can increase their ability through my physical education program while beginners start with the very basics of a sport.

I try to provide for the many different types of students I reside with and my interests range from weight lifting to aerobic dancing.

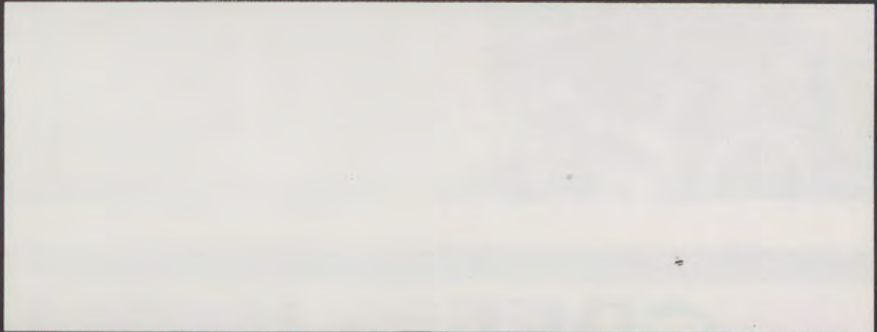

Because I am a two year school, tradition has always been a big part of me.

Each year is a new beginning but it is the special tradition of the past that still lingers on to make my atmosphere one of caring and concern.

GREEK WEEK 1980

The last week of April is a very busy and exciting time. For six days the brother/sister organizations compete in a variety of events designed to challenge the skills and imagination of every participant. It is a week filled with intense emotion. At the end of the week the points are tallied and the winners are announced. Winners in the 1980 Competition were the Omega Kappa Pi fraternity and Sigma Chi Epsilon sorority.

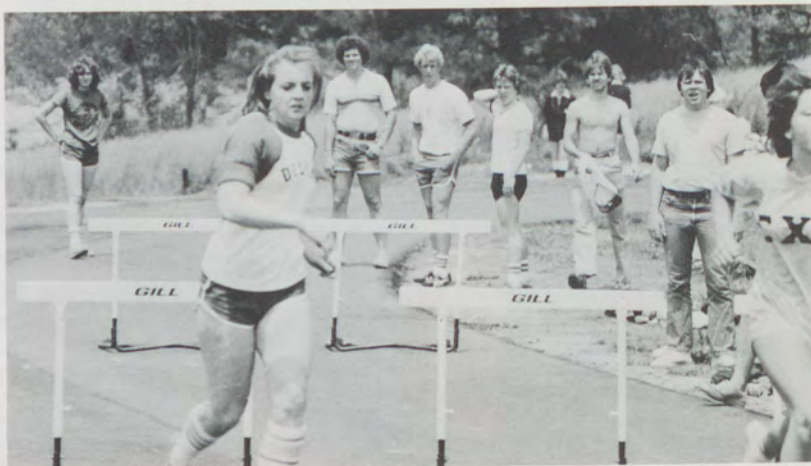

It was still rather cold the day of the Swim Meet. Sigma Theta Pi and Phi Delta Chi came in a very close first over Omega Kappa Pi and Sigma Chi Epsilon. The Swim Meet was preceded by an Ice Cream Sundae Social held in front of the girls' dorms.

SWIM MEET

FIELD DAY

Field Day involves many track events including the 440 Yard Dash, 220 Yard Dash, 100 Yard Dash, Discus Throw, Shot Put, Broad Jump, Hurdles, and Softball Throw. Omega Kappa Pi and Sigma Chi Epsilon received more points than any of the other Brother and Sister teams.

The Lack of Talent and Skit Night competition is one of the most entertaining parts of Greek Week. Teams write and perform skits that display the talent and imagination of its members. Judges determine the rank of each performance and a winner is announced. Sigma Phi Nu placed first in the Lack of Talent and Sigma Chi Epsilon placed first in the skits.

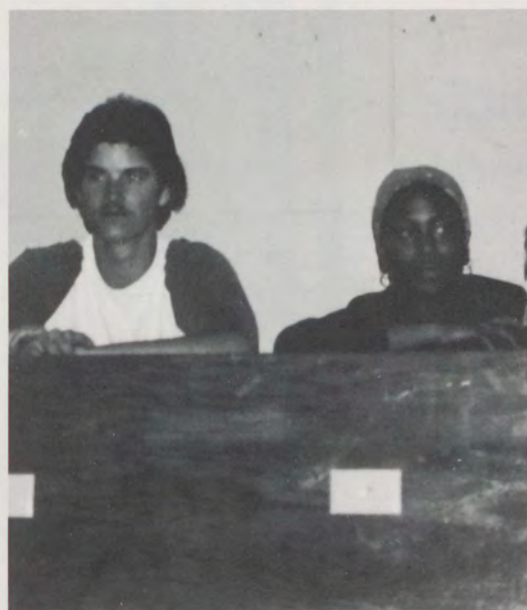

SKIT NIGHT

The academic knowledge of the fraternities and sororities is shown in the College Bowl sponsored by Phi Theta Kappa. The teams answered questions submitted by the faculty. Omega Kappa Pi and Sigma Chi Epsilon proved to be the winners.

A specially creative part of Greek Week is the Dance Contest. The teams of Sigma Phi Nu and Psi Chi Omega came out on top in this area.

An important part of Fall Quarter is Rush. This is when each of the fraternities and sororities hold one party on campus and one party off campus. This gives each freshman the chance to meet the sophomores in order to decide if he or she will pledge a fraternity or sorority, and if so, which one. Students may choose to attend all the parties, only a few, or none at all. It is up to the individual to use this opportunity.

Rush Week

After all of the Rush activities, a Pledge Dance is held. At this dance students who have decided to join a fraternity or sorority sign a pledge sheet. This is a special time when fraternities and sororities welcome in all of their new members. There is much excitement and closeness.

Pledge Dance

Initiation is the time for dressing in wild outfits, learning to love rotten eggs and shaving cream, marching, singing, and holding secret ceremonies. But most important it is a time of closeness and fun. The activities are closely regulated by the Panhellenic Council. It is a time one will never forget. Many do not understand initiation until they have been involved with a group for a whole year, and then they realize that every minute was worthwhile.

OKPi Sponsors Blood Drive

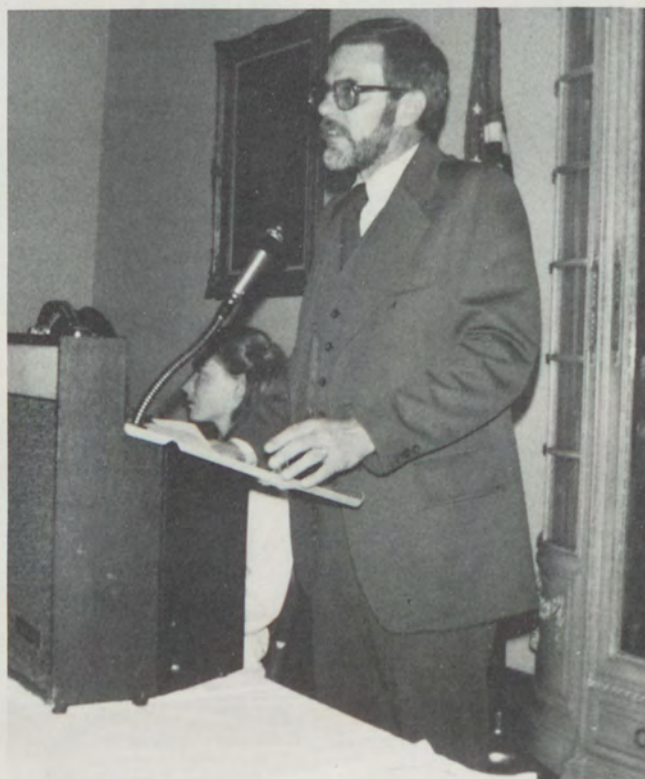

Beginning in the Spring of 1980, the Omega Kappa Pi fraternity began sponsoring a Blood Drive for the Red Cross. This project now held each spring and fall on Reinhardt's campus benefits many area people in need of blood. So far each drive has been both successful and rewarding. The Panhellenic Council has placed a plaque in the Administration Building recognizing the sorority and fraternity with the highest percentage of donors at each drive.

PTK ELECTED STATE PRESIDENT

This year Theta Mu Chapter of Phi Theta Kappa served as Vice-President for the state of Georgia. This was a great experience for the chapter and next year will be an even more rewarding year. Theta Mu Chapter was elected as next year's President at this year's convention held in Dalton, Georgia. Also at the state convention Mr. Dan Burkholder, Theta Mu sponsor, was recognized and honored as the outstanding Georgia state advisor.

1980-81 Cherokee Phoenix Dedicated To Mr. J. R. Huddlestun

During our years at Reinhardt we have come to respect and admire those special people who contribute to make our lives brighter as the years wear on. As students it is stimulating to find someone who is interested in people as well as in his work. So few of us live such an extraordinarily well rounded-life as J. R. Huddlestun. He is actively involved in the functions at Reinhardt and the surrounding community. He is the sponsor of Circle K, the sponsor of the freshman class, and the advisor for the foreign students here at Reinhardt. He is the pastor of the Waleska Baptist Church and a member of the Canton Kiwanis Club. But most of all he is a great friend. For these reasons and many more we dedicate the 1980-81 Cherokee Phoenix to Mr. J. R. Huddlestun.

We have a tradition at Reinhardt of an interesting and high quality yearbook. I wish to thank and congratulate all who have made this 1981 Cherokee Phoenix a reality, for the yearbook is a product of hard work and real commitment. I always look forward with keen anticipation to seeing how you seek to capture in pictures and words the many meaningful events of the past year.

May Christ's joy be yours always!

Allen O. Jernigan

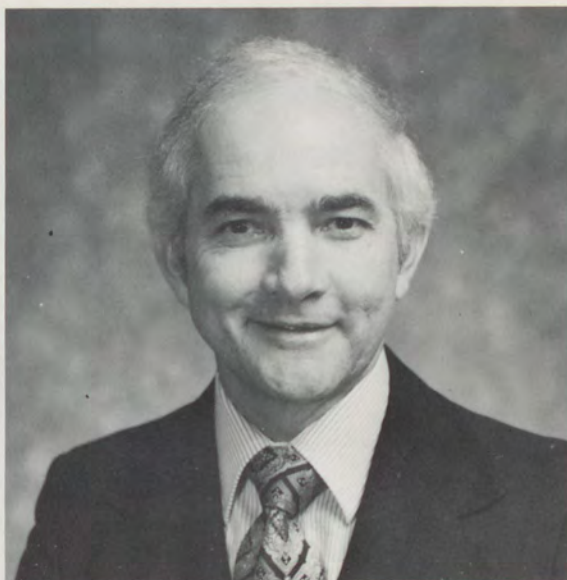

Administration

Mr. Mac Willis - He graduated from Oglethorpe University where he received his A.B. At Reinhardt, he is the Director of Development and also teaches speech. When given a vacation, he would go to Sea Island or Pawley's Island because he loves the ocean. One might find him at home watching his favorite TV show, Lou Grant and eating fried chicken, his favorite food. On any given weekend, he might be found on the tennis court or, just sitting quietly at home reading.

Mr. Dan Burkholder - He attended the University of Nebraska at Omaha where he received his B.G.E. He also received his M.B.A. from Georgia State University. Mr. Burkholder is our Assistant Dean, Registrar, and sponsor of Phi Theta Kappa. He especially enjoys playing golf, tennis, and camping. When asked about his favorite food, he chose steak and candidly requested it medium rare.

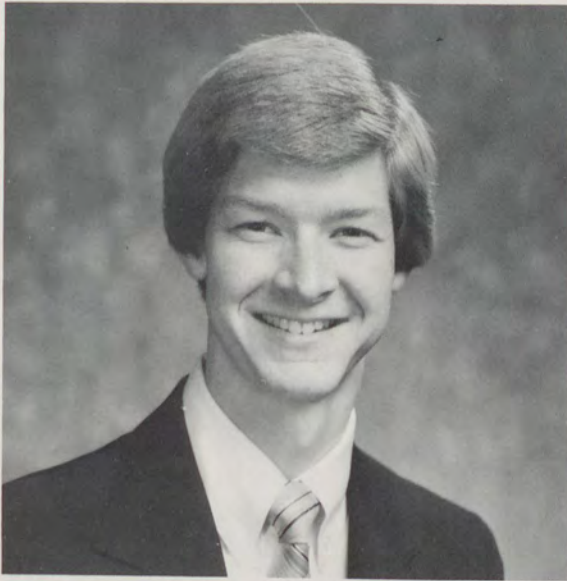

Dr. Floyd Falany - He graduated from Florida State University with a B.S. degree. He later received his Masters and Doctors Degree from the University of Georgia. He is the Dean at Reinhardt and also teaches Sociology. He is well known at Reinhardt for his pet - a snake kept in his office named "Bo." His hometown is Perry, Florida but he now resides in Waleska with his wife and their four children.

Mr. Dennis Harris - He received his A.A. from Reinhardt College and his A.B. from the University of Georgia. He now resides in Waleska, his hometown - with his wife Jeanette, and their two children, Gordon and Sharon. If given a vacation, he would choose a camping tour of the Western states with his family. His favorite TV show is the news on Channel 11.

Administration

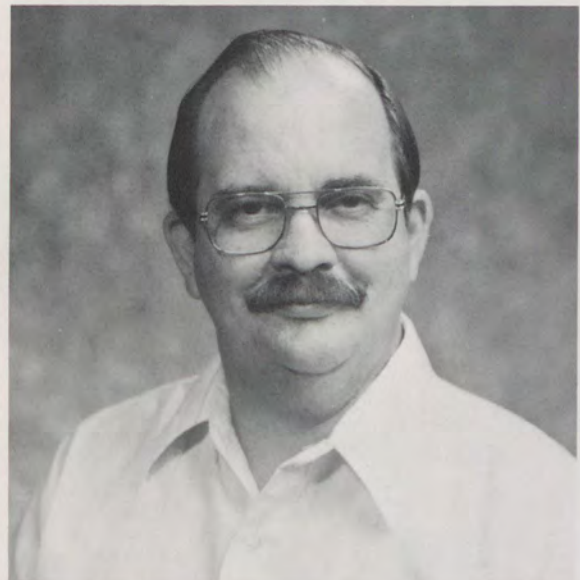

Mr. Tim Tarpley - He attended our own Reinhardt College where he received his A.A. and then went on to LaGrange College where he received his B.A. He is now our Director of Admissions. When asked what he enjoyed most about working at Reinhardt, he replied "Being able to share the college I love most with students and gaining their friendship." When not recruiting students, he might be found playing tennis, watching Dallas, or reading.

Mrs. Carol DeBord - She is Reinhardt's Director of Alumni Affairs. She was raised in Douglasville but she now lives in Waleska with her husband, John, and their two daughters, Jessica and Jennifer. She received her degree from Georgia College in Milledgeville and is a former Home Economics teacher.

Mrs. Betty Fowler - To most of us, she is known as "Betty", but her official title is Financial Aid Coordinator. Her special interests include reading and growing flowers. And, as a special interest, we certainly can not leave out the New Beginnings Sunday School class which she has worked so hard to develop and maintain. On Friday nights, she might be found watching her favorite TV show, Dallas. If given a paid vacation, she would choose Scotland just to see its beauty as it is often described in books.

Mr. Arleigh Daniel - He is our Evening School Coordinator and also a teacher of several business courses. He graduated from Georgia State University and now has his B.B.A. and M.P.A. He especially enjoys playing golf and watching football on T.V. If given a vacation, he would go on a motor tour of the United States.

Administration

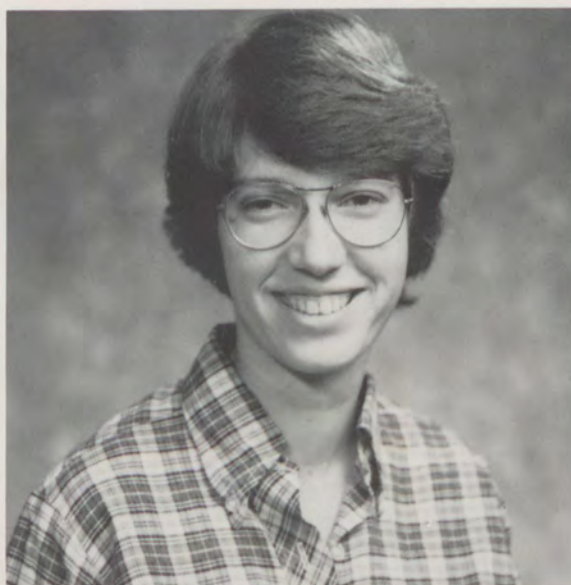

Mr. Steve Brown - He graduated from Shorter College where he received his B.S. His hometown is Hephzibah but he now resides in Waleska as Director of Housing. When asked what he enjoyed most about working at Reinhardt he said the staff in student development and the unique students. And, although this is his first year here, we soon found out he is a big Georgia fan.

Mrs. Dianne Davenport - She is our Director of Student Development and teaches sociology and several human development courses. Majoring in psychology, she received her A.B. from the University of Georgia and then received her Ed. M. from Boston University. She is currently working toward her Ph. D. at Georgia State. When asked what she enjoyed most about working at Reinhardt, she stated "freedom to grow as a person and to try new things."

Mrs. Margaret Lee - She received her B.A. from Wesleyan University and her M.L.S. from Peabody Library School of Vanderbilt University. She especially enjoys reading, sailing, traveling, and all of her nine grandchildren. Her favorite food is Chinese food and if given a vacation, she would travel to the Greek Isles.

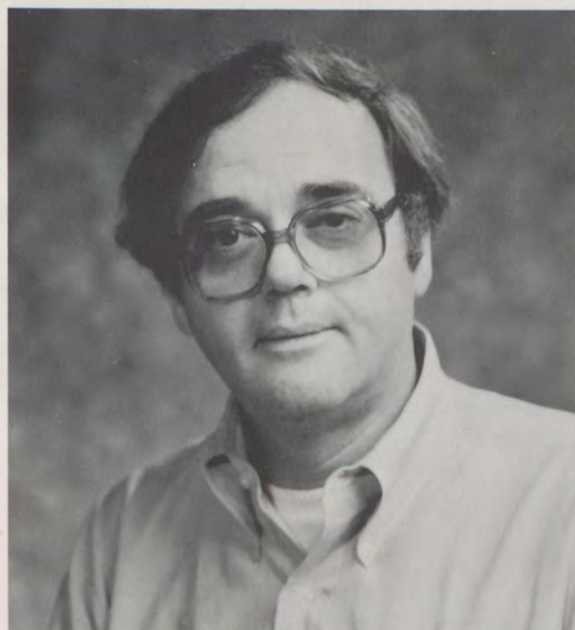

Rev. Valarie Morris - She graduated from Centre College with an A.B. and then received her Master of Divinity from Yale Divinity School. She is the Campus Minister at Reinhardt and she teaches several religion classes. She said "teaching and eating lunch on Sunday's after church for only \$1.00" was what she enjoyed most about working at Reinhardt. If given a vacation, she would choose France and the British Isles.

Faculty

Miss Casey Fitts - She graduated from the University of Georgia with her B.S. and then went on to get her Masters Degree from West Georgia College. When asked what she enjoyed most about working at Reinhardt where she teaches English, she said the "interaction with students." Miss Fitt's favorite food is asparagus. If given a vacation, she would immediately go to San Francisco because she enjoys the people there.

Mr. Doug Lindsey - He attended the University of Georgia where he received his A.B. and M.A. At Reinhardt, he teaches English and is the sponsor of the Sigma Chi Epsilon sorority. He said if he was given a vacation he would choose to go to Greece. When asked why, he replied "For fun, of course!" At home, one might find him eating Chinese food, his favorite or watching his favorite TV show, Sanford and son.

Mrs. Bea Flint - She received her A.A., A.B., and M.A. from Mars Hill College, Emory University, and Georgia State University, respectively. She teaches English at Reinhardt. Her hometown is Dublin but she now resides in Canton with her husband and their three sons, Russell, Doug, and Cris. If given a vacation from the yearbook staff, she would go to England and Scotland as they represent "much of our cultural and literary history."

Mrs. Jane England - She received her B.A. in history from Georgia State College as well as her Masters Degree. She is originally from Atlanta and now resides in Roswell. Her husband is Rev. Melvin England and they have six children. At Reinhardt, she teaches history and Political Science.

J. R. Huddlestun - He attended the University of Missouri where he received his B.A. and M.A. He currently teaches Western Civilization, American History, and Philosophy. He was born in Kansas City, Missouri but now lives here in Waleska with his wife, Halene. Many times, you can find him and his wife running together around the Waleska as long as his favorite show, 60 Minutes is not on. And, if you go to the Waleska Baptist Church, you'll find him there where he's better known as Reverend Huddlestun.

Faculty

Miss Harriett Almond - She's Reinhardt's teacher of Psychology and Education. She received her B.S. from the University of North Alabama and her M. Ed. from the University of Georgia. She especially enjoys doing needlepoint, traveling, and reading. One of her favorite television shows is General Hospital. If given a vacation, she wants to go into outer space with Captain Kirk on the *Starship Enterprise* - because she needs a change of scenery.

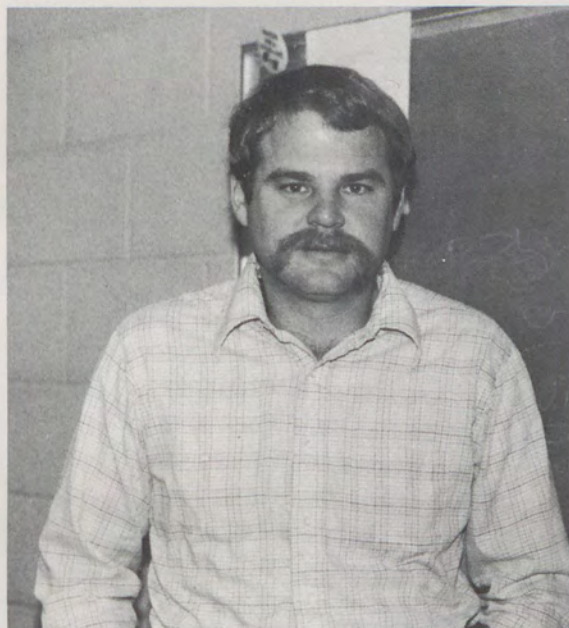

Faculty

Dr. Alan Allen - Originally from Abilene, Texas, he now lives in Waleska and at Reinhardt, he teaches Math. He received his B.A. from Texas Christian University, his M.A.T. from Harvard, and his Ph. D. from Peabody College. Dr. Allen likes music and especially enjoys playing the piano. If given a paid vacation, he would like to go to England — probably with his wife and their two daughters, Alaine and Alicia.

Mr. Thomas Jackson - He received his B.S. and M. Ed. at the University of Georgia and attended George Peabody College where he received his M.A. He now teaches Biology at Reinhardt. He resides in Waleska with his wife, Margaret, and their three children, Howard, Melody, and Amy. At home, one might find him working in his vegetable garden or watching his favorite television show, M.A.S.H. If given a vacation, he would choose a Florida fishing resort.

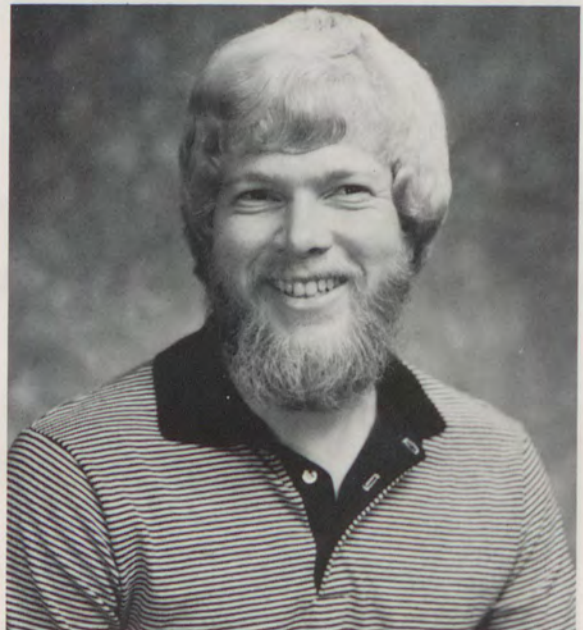

Mr. Andy Edwards - At Reinhardt, he teaches Chemistry and Math. He attended Armstrong State College and North Georgia College. Although his hometown is Savannah, he now lives in Canton with his wife and their daughter, Anna. Mr. Edwards especially enjoys duck hunting and deep sea fishing. Crab is his favorite food and Key West is his idea of a good vacation spot.

Faculty

Mrs. Thelma Rogers - She is the Physical Education teacher at Reinhardt and sponsor of Phi Delta Chi. She was born in Canton where she now resides with her husband, James, and their two sons, Jay and Brady. She received her B.S. from Carson-Newman College and M. Ed. from the University of Georgia. She enjoys all kinds of sports including golf and tennis.

Mrs. Faye McBrayer - She teaches Accounting, Economics, and all Secretarial Science subjects at Reinhardt. Her hometown is Bremen but she now resides in Canton. She has four children, two of which live at home with her and her husband. When asked what she enjoyed most about working at Reinhardt she said "working with the students and the friendly, cooperative attitude between the Administration and the faculty." Mrs. McBrayer enjoys sewing, crocheting, and watching General Hospital.

Mr. Van Pitts - He is the new Horticulture teacher at Reinhardt. He has one daughter, Heather Marie. Mr. Pitts' favorite foods are lobster and shrimp and his favorite television show is 60 Minutes. If given a paid vacation, he would go to Alaska to visit a good friend. When asked what he enjoyed about Reinhardt, he replied "the people and the beauty of the campus."

Mr. Curtis Chapman - He received his A.B. from LaGrange College and went on to get his M. Ed. from the University of Georgia. His hometown is Atlanta but he now lives in Canton. His wife, Daphne, also teaches school and they have two children, Chris and Carey Ann. Mr. Chapman has been working at Reinhardt for fourteen years and teaches art.

Miss Judy MacMillan - She received her B.S. in music from Carson Newman College. She also received her M.S. from Georgia State College. Her hometown is Washington D.C. but she now lives in Marietta. At Reinhardt, she teaches music.

No *Cherokee Phoenix* can truly be complete without the inclusion of Dr. J. R. Burgess, Jr. Dr. Burgess, although he relinquished the Office of President before many of us entered high school, is still very much a part of our lives. We cannot leave our dorms, attend a class, or walk the campus without being touched by something which he has had a hand in. The trees, plants and flowers we see, the classrooms we learn in and the dorms we live in, all bear his mark. With the exception of a few pines and oaks and the Gym, Paul Jones and the Dobbs Building, almost all of the things that touch and enrich our lives daily as Reinhardt Students are the product of the vision, dedication and hard work which characterized his twenty-nine years as President. Even though he no longer directs the course of the College, he continues to enrich our lives by the environment which he has created for us and the scholarships he solicited which make it possible for many of us to be here. He also continues to touch our lives as he speaks to us and tends his beloved plants on his frequent visits to the campus and as he constantly seeks out those with the means to insure the future of the College and support for the students of today and tomorrow. Dr. Burgess, we thank you. Dr. Burgess, we love you.

Honors

HONOR'S DAY 1980

Each May there is a special recognition for those students who have excelled. Faculty members nominate students for outstanding work in subject areas and extracurricular activities. It is a day that involves many students' families in an effort to reward and encourage those students.

SPRING FORMAL

Around one hundred people attended the annual Spring Formal held in early May. The freshman class chose the Grand Salon Ballroom of the Fox Theatre as the site for the dance. Couples danced to the music of an Atlanta based band—Boss Tweed.

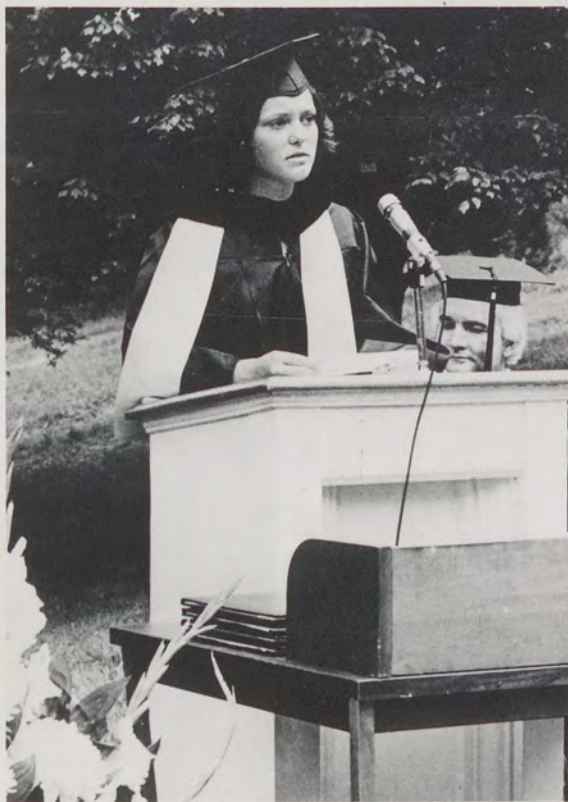

GRADUATION 1980

The ninety-sixth commencement exercises were held May 31, 1980 on the Reinhardt College Campus. The Valedictorian was Rebecca Lamb and the Salutatorian was Rhonda Bennett. Guest speakers were Dr. James S. Barrett and Rev. Stuart Greene. Graduation represents many accomplishments and is an important step in one's life.

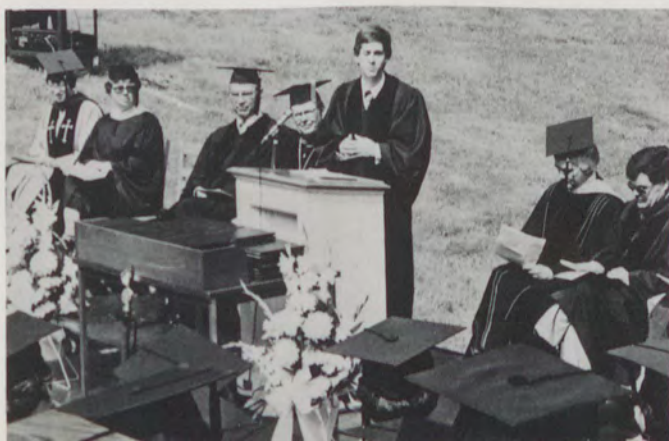

Valedictorian: Rebecca Lamb

Salutatorian: Rhonda Bennett

Who's Who Among Students in American Junior Colleges is a highly regarded longstanding honor program which recognizes outstanding college students. A committee composed of administrators, faculty and students nominate students for this award. Selection is based on scholarship, citizenship and service to the college, participation and leadership in college activities, and potential for future achievement. Those chosen are well-rounded individuals who have demonstrated excellence in a variety of areas. Who's Who award certificates are presented to the students at the Honors Day program in May, and their biographical information is printed in the annual edition of Who's Who Among Students in American Junior Colleges.

ART STUDENTS LEAGUE

Student Life

Time goes on
forever but I'll
always treat it
with care.

I'll make sure the happy
times are never, ever
rare.

I'll never be selfish
with my time.
I'll share it with the
ones I love.

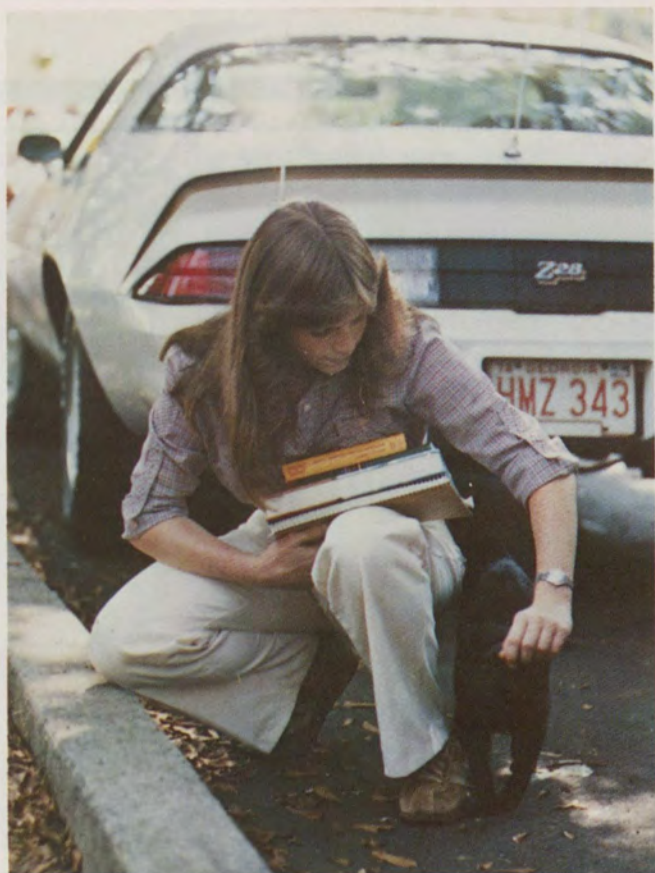

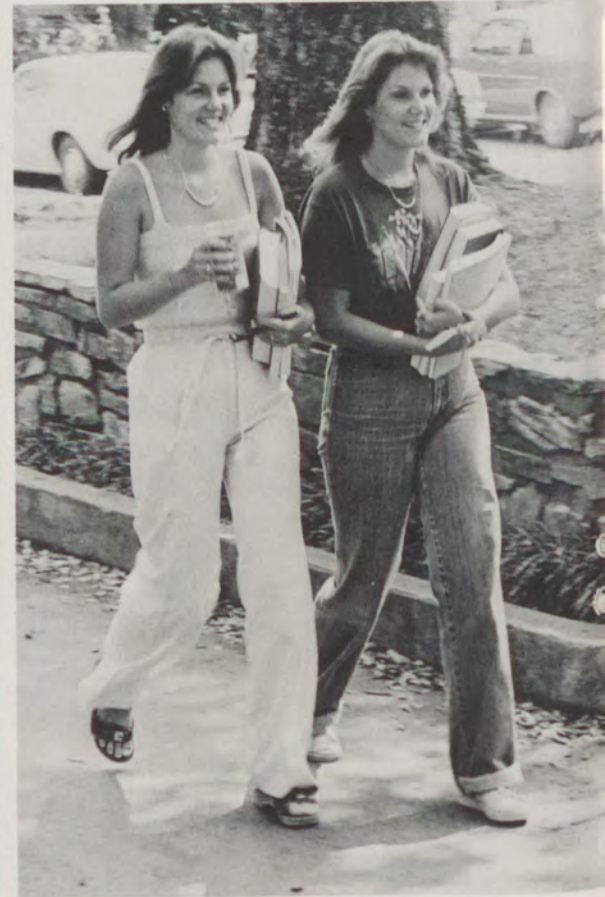

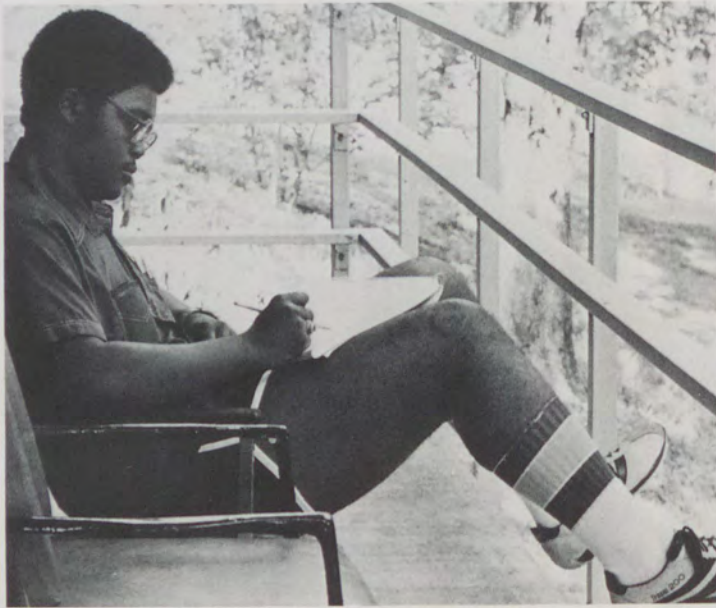

I'll try to do the
best I can.
But I'll always
need help from
above.

When the life on
earth is over
And no one is sure
when that will be,

I want someone
special to walk
with me through
eternity

Make new friends, but keep the old;
Those are silver, these are gold.
New-made friendships, like new
wine,

Age will mellow and refine.
Friendships that have stood the test
Time and change—are surely best;
Brow may wrinkle, hair grow grey;
Friendship never knows decay.
For 'mid old friends, tried and true,
Once more we our youth renew.
But old friends, alas! may die;
New friends must their place
supply.

Cherish friendship in your breast—
New is good, but old is best;
Make new friends, but keep the old;
Those are silver, these are gold.

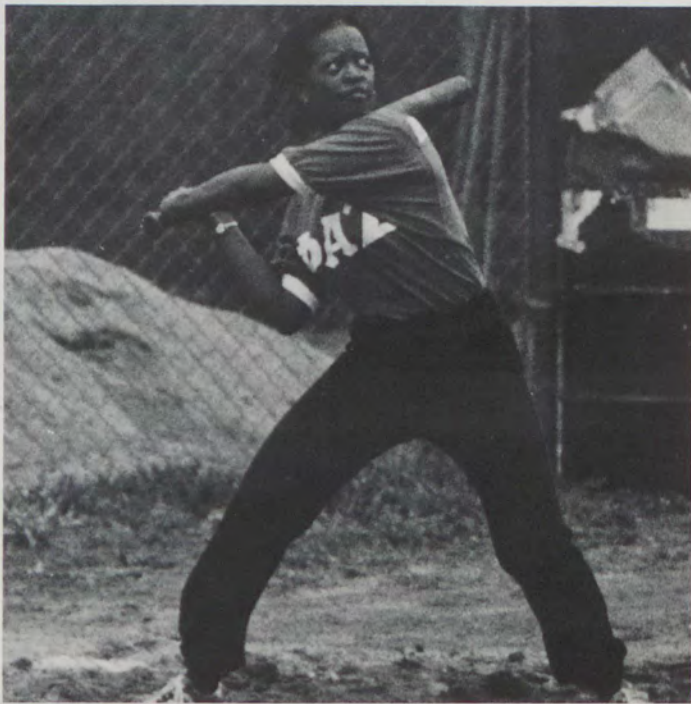

No day was ever long enough . . . to make me tire of the beauty of the sunrise . . . to grow weary of dew on rose petals . . . to walk enough— and feel enough the sweetness of the wind blowing through my hair. No day was ever long enough to exhaust the treasures of a friendly talk . . . or a moment of quiet understanding . . . or an unsought, but much wanted expression of love. No day was ever long enough to tire of these.

A Smile Is
Cheer To You
And Me.

A Cheerful
Friend Is Like
A Sunny Day.

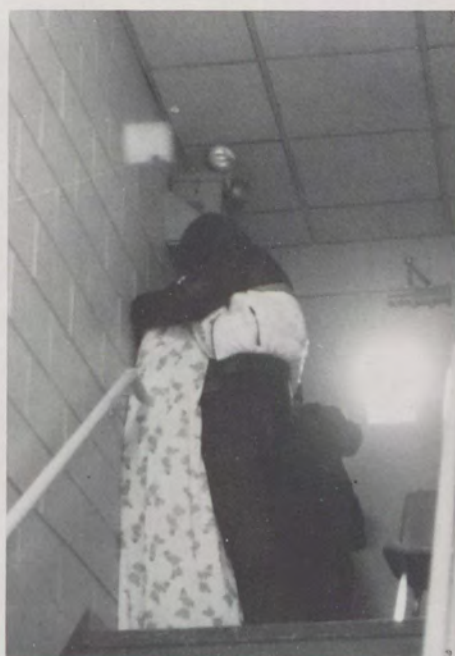

All People Smile
In The Same
Language.

A True
Friend Is
Forever . . .

It Is Good To
Let A Little
Sunshine Out As
Well As In.
