CHEROKEE PHOENIX 1985

Vol.

Open a new window ... Everyday

Open a new window

Open a new door

Travel a new highway

You never have tried before

Don't be a dull person

Following the same routine

Or go along with others

When you really don't agree.

Try to be 3-dimensional

In everything you do.

Be slightly unconventional

Its important for you to ...

Open a new window ...

everyday.

C.R.E.

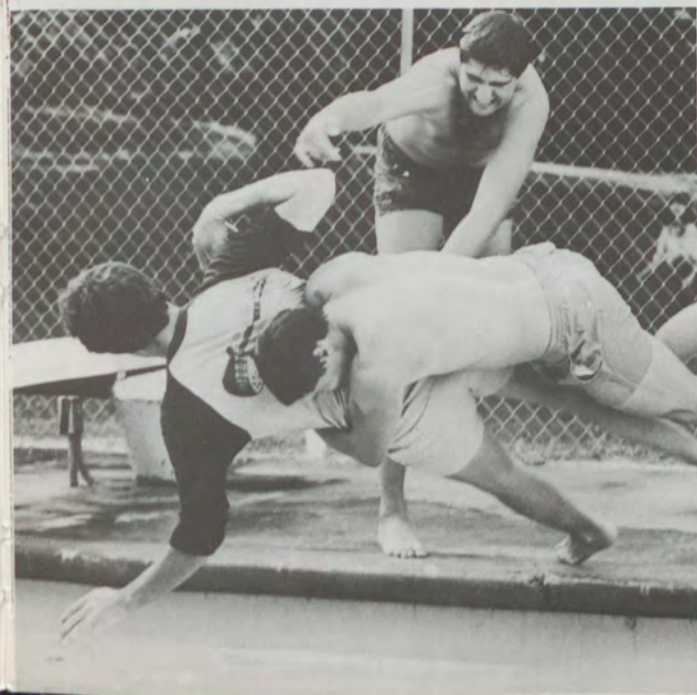

We all seem to search for a freedom
 maybe its just instinct
 a body's imagination
 a state of mind
 A flame that burns within us
 Freedom - the search for ourselves.

*Now its time to start living
 Time to take a little from the world
 of which we are a part.
 Time - just to take time
 Before we know it
 there will be no time at all.*

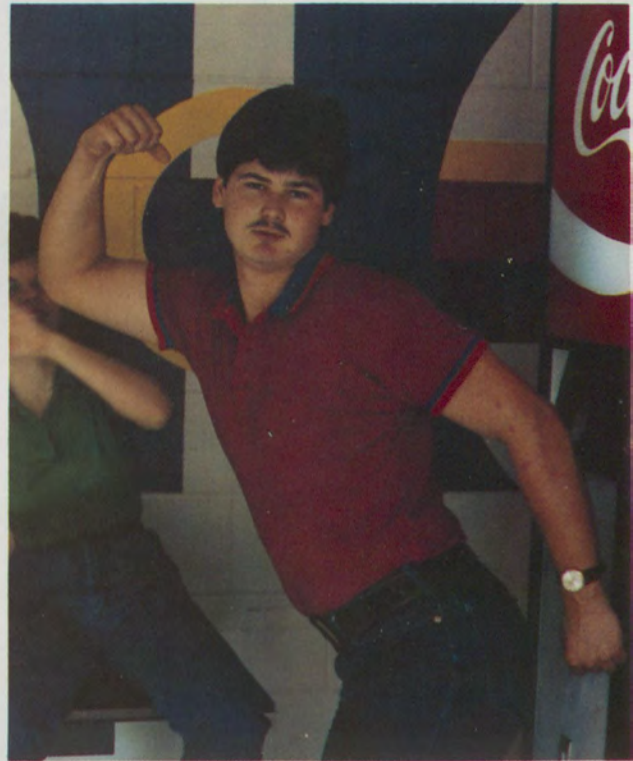

*Things we say today
reflect our inner most feelings.
Things we say to each other
reflect our need to care.*

*Friendship,
having someone to identify with,
to share our feelings,
to help us find ourselves.
Friendship, caring about each
other.*

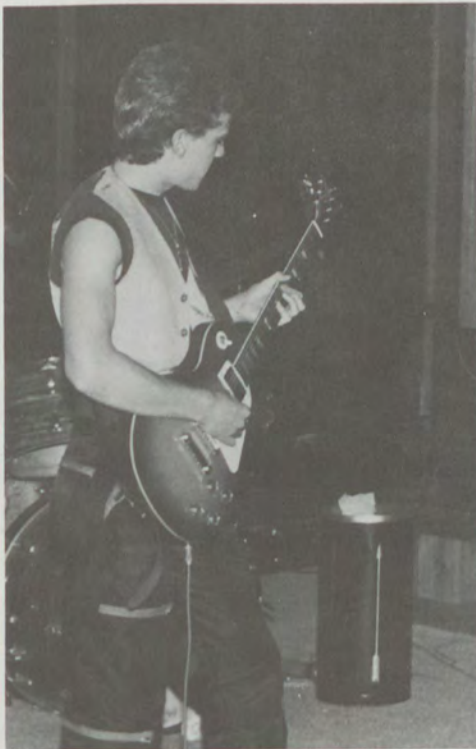

*It seems a new spirit,
a spirit of life,
is upon us.
New energy bursts forth
in our mind and in our heart.
Maybe we try harder
to prove not only who we are,
but who we can become.*

*A thought ...
An idea ...
But where does it go from here?
Will someone listen to me?*

*I must use all my senses
to explore
to search
to find out the unknowns
life
Discover the world ...
my world.*

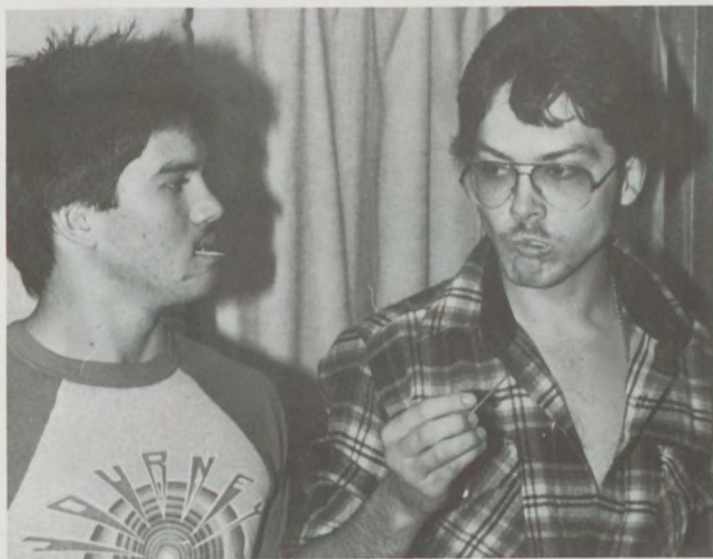

*Some are inclined
to strive for perfection,
to attain new goals.
But then there are others
who are satisfied to
remain one step behind.*

*I came upon tomorrow
to search my mind's unknown,
hoping to discover something new.
I've always wondered
why they called tearing down yesterday's
memories progress. There must be a reason.
I only wish I could find it.*

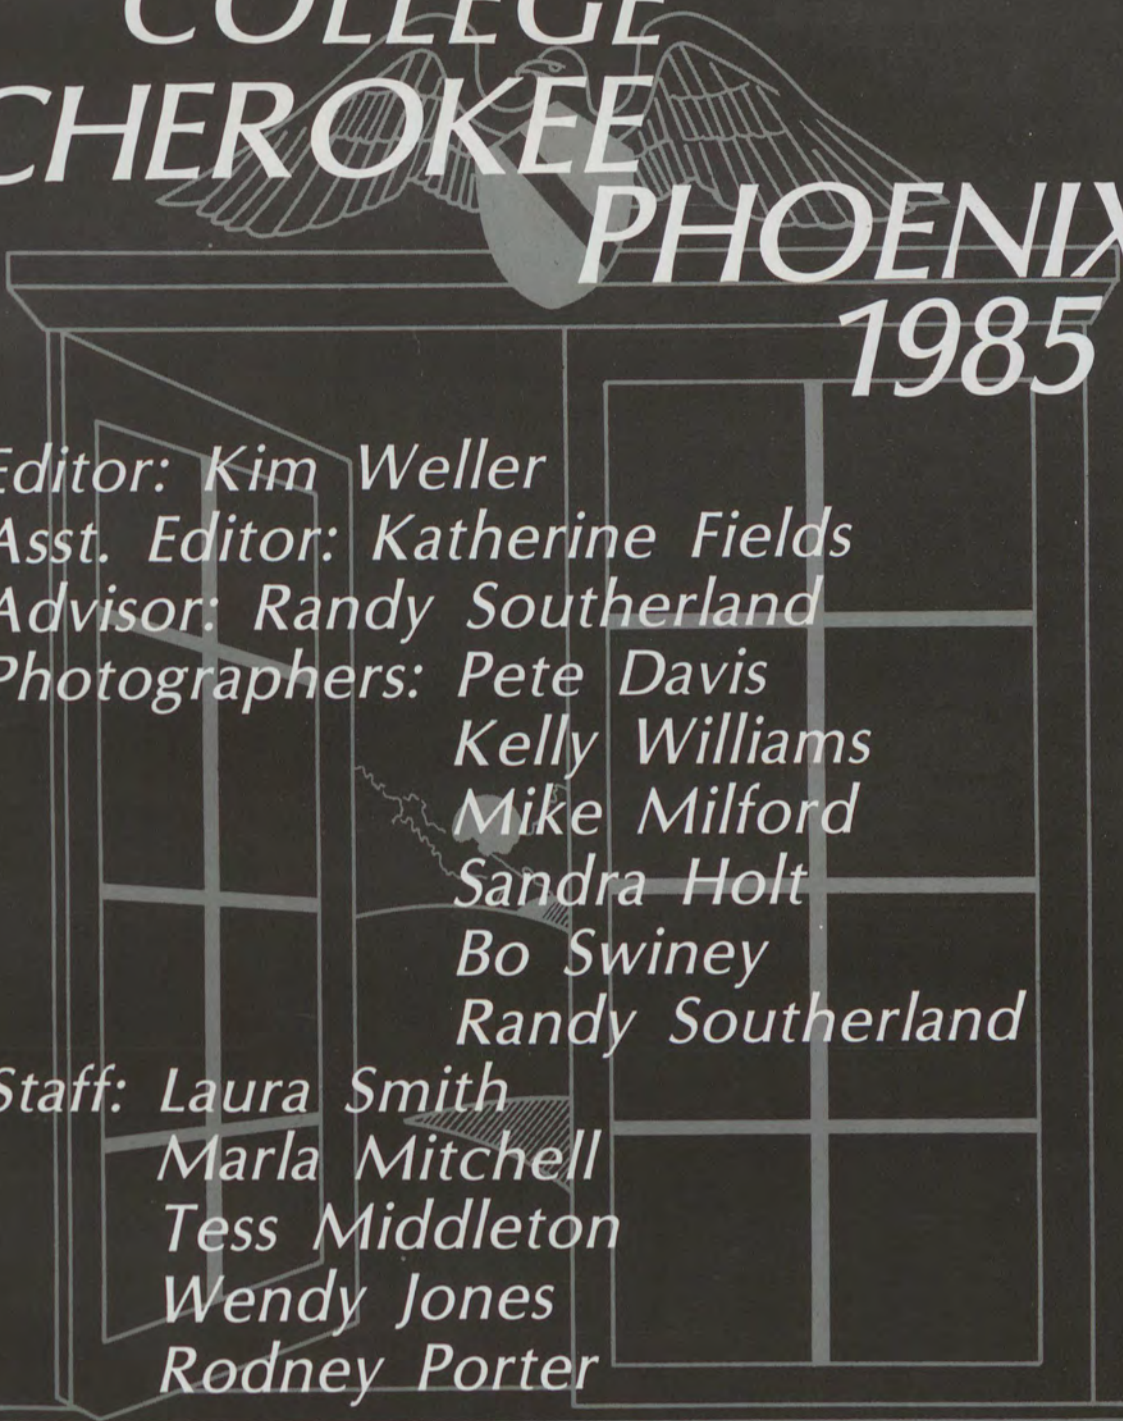

*We each have a landscape,
 a vision individually ours.
 We live in a nation
 where we can dream new dreams
 live our vision
 travel a new highway
 be slightly unconventional
 celebrate.
 We are free to be
 you and me.*

Students show much enthusiasm and school spirit!

OPEN A NEW WINDOW...

DEDICATION

The staff of the Cherokee Phoenix proudly dedicates this year's edition to Frank and Evelyn Gordy. The late Mr. Gordy and his wife Evelyn, both alumni of Reinhardt, this year had a profound impact on the College where they first met during the 1920s. That impact can be seen in the W. Frank and Evelyn J. Gordy Center, a meeting and food service facility, which opened its doors this year. Mrs. Gordy contributed the funds which made this tribute to her late husband possible. On behalf of all the students, faculty and staff of Reinhardt we say thank you.

The Gordy Center under construction.

The finished product under a foot of snow.

Mrs. Gordy's grandson Gordon Muir cuts the ribbon to open the new Varsity Room.

Dr. Bass and his wife enjoy lunch in the Varsity Room on Opening Day.

Dr. Jernigan was one of the many speakers at the Varsity Room Opening!

Bridge - Orientation

*When I must leave you
for a little while —
Please do not grieve
and shed wild tears
And hug young sorrow to you
through the years,
But start out bravely
with a gallant smile;
And for my sake and in my name
Live on and do all things the same,
Feed not your loneliness
on empty days,
But fill each waking hour
in useful ways,
Reach out your hand
in comfort and in cheer
And I in turn will comfort you
and hold you near;
And never, never
be afraid to die,
For I am waiting for you
in the sky!*

— Helen Steiner Rice

In Tribute and Loving Memory of Warren Cutts.

*Life is Forever!
Death is a Dream!*

*If we did not go to sleep at night
We'd never awaken to see the light,
And the joy of watching a new day break
Or meeting the dawn by some quiet lake
Would never be ours unless we slept.*

*While God and all His angels kept
A vigil through this "little death"
That's over with the morning's breath —
And death, too, is a time of sleeping,
For those who die are in God's keeping
And there's a "sunrise" for each soul,
For LIFE not DEATH is God's promised goal —
So trust God's promise and doubt Him never
For only through death can man LIVE FOREVER!*

*Helen Steiner Rice
In Tribute and Loving Memory of Michael Milford.*

HONORS DAY 1985

Honors day at Reinhardt College is a time when students are recognized for outstanding achievement in academic and extracurricular activities. On that day students and thier parents gathered in Reinhardt's Chapel to hear an address on the meaning of honor by Rear Admiral Lipscomb. Allen Stewart, a sophomore from Warrenton, was recognized as the year's most outstanding student. Many students in addition received recognition for academics, Centennial Scholars, Who's Who, music and art education and many other fields. Honors Day 1985 was truly a success.

MISS REINHARDT 1985

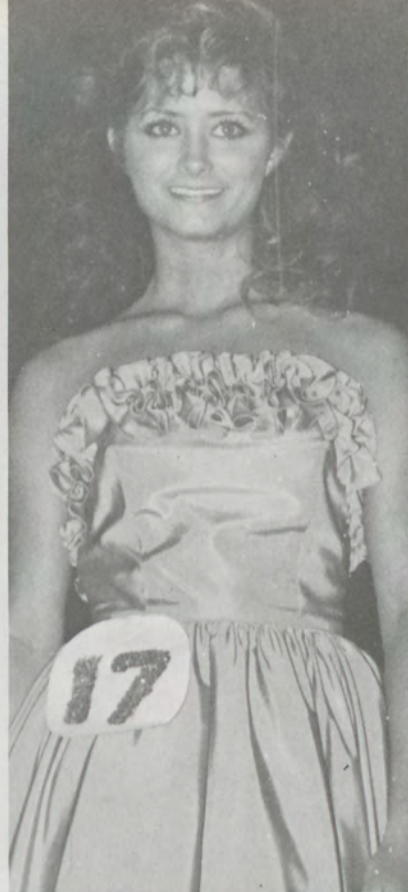

KAREN JOHNSON
SPONSORED BY SIGMA CHI EPSILON

It was "A Night in the Old South" as nineteen Reinhardt students competed for the title of Miss Reinhardt College 1985. Karen Johnson received the prestigious title from Julie Entwisle, Miss Reinhardt College 1984. Jessica Jones took first runner up honors while Camille Scott received second runner up. The Miss Reinhardt College Pageant is sponsored by the brothers of Sigma Phi Nu.

CLOSING

But when will we know when this journey ends? Maybe it will never end. There will always be something else to try - a new window to open.

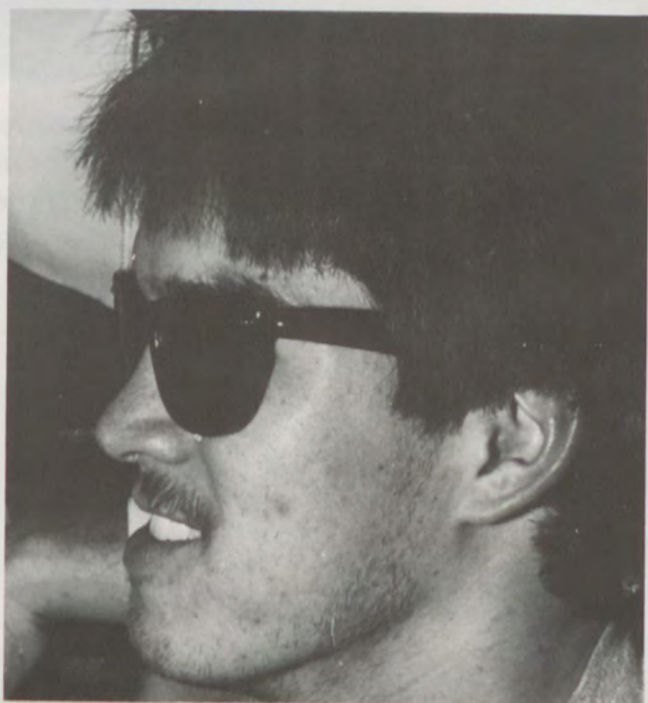

What does Reinhardt mean to each of us? To some it is a place to become involved: to excel in those fields in which we can best give ourselves. To others, it is a place to learn, but to all of us it is a place to grow.

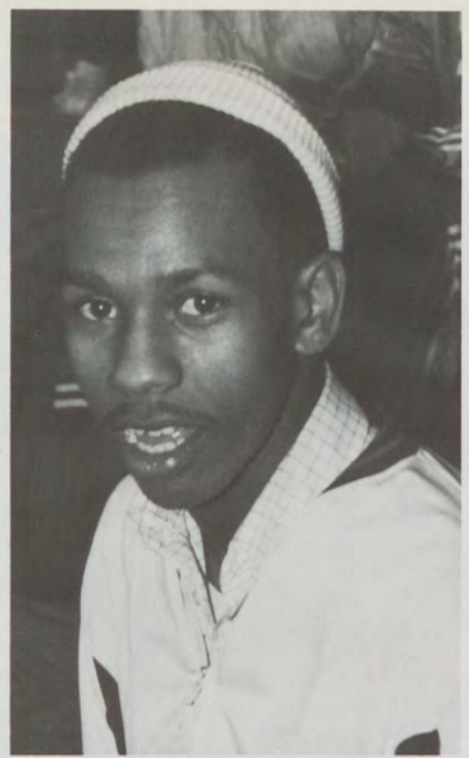

As individuals we worked to build ourselves. As a group we worked to build relationships and lasting friendships. Soon we will have to leave these groups to form different ones - to travel new highways.

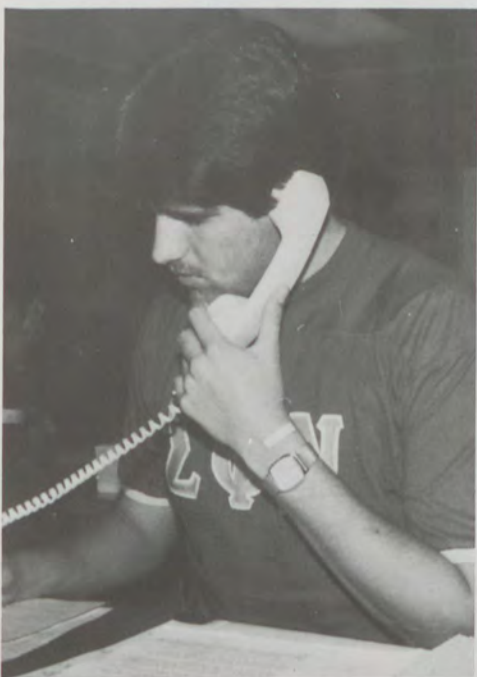

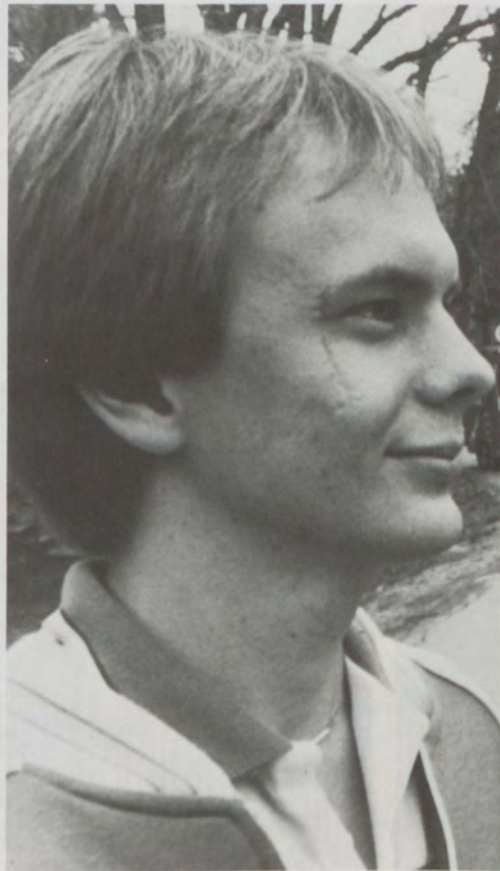

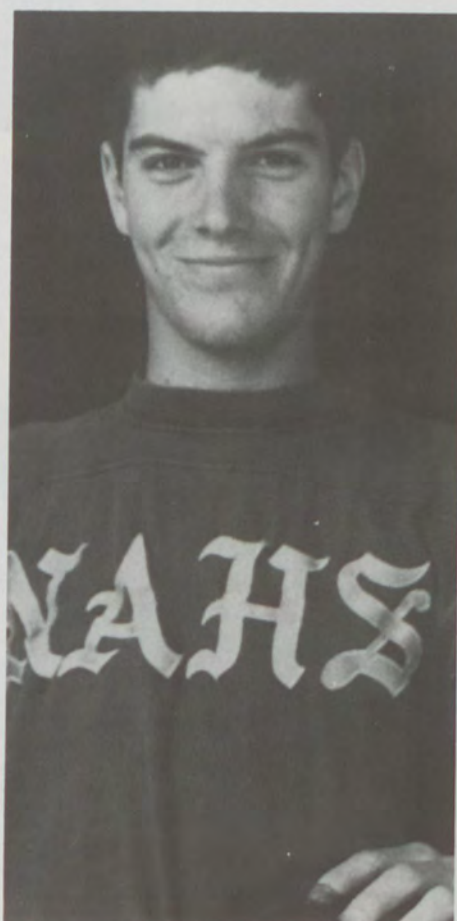

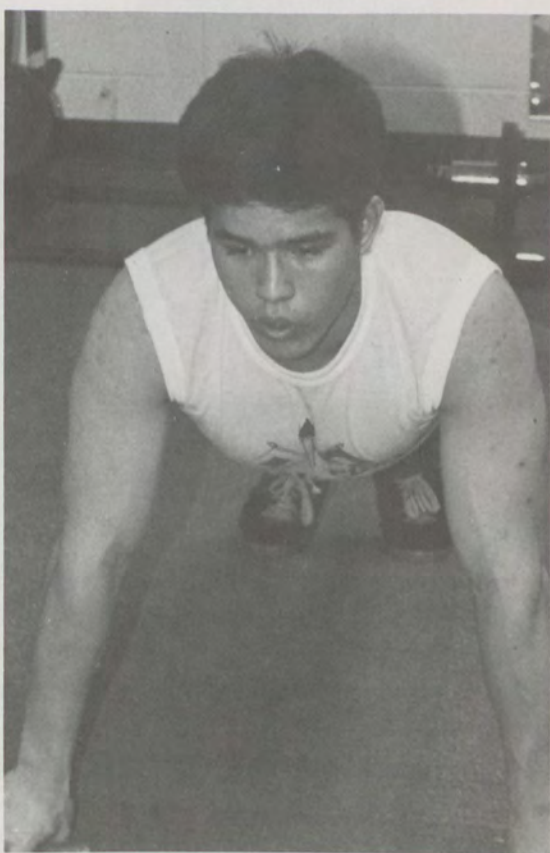

This journey has taken us a long way toward recognizing our individuality. We are steadily reaching our expectations. Involving ourselves in activities that enable us to grow, we've learned to accept new beliefs and expand our old ones.

Education, like tracks across the snow, travels diversified paths but leaves the same general impression. Cautiously, it breaks the mantle to imprint a step of knowledge in the cool surface of our mind. Having broken through, it stains and taints our former views. It melts, warmth radiating from the burning energy with which we think, and seeps slowly - every crystal of wisdom - until it is fully absorbed.
