CHEROKEE PHOENIX

1998 REINHARDT COLLEGE

A Message from the President

Dear Student:

I trust this yearbook will remind you of the many friends you will have met while at Reinhardt. Fellow students, faculty, staff, and administrators all contributed to your experiences at the College.

Particular classes, events, projects, (and parties) will return to your thoughts each time you flip through the pages of this yearbook. Please try to remember not only the good times, but also those times that challenged you to move forward, to overcome difficulties, or that forced you to find the best within yourself.

My personal hope has always been that each student at Reinhardt achieves his individual goals. I also hope that each student will have found God's purpose for his life and that he will go about the business of fulfilling that purpose.

It is a privilege to have you as a member of the Reinhardt Family, and I have most certainly enjoyed our time together.

Sincerely,
Floyd A. Falany, Ed.D.
President

THE FRESHMAN YEAR

Q: What was the best thing that happened during your freshman year.

A: Being part of a successful soccer team

Carl Fleming

Q: Was it hard adjusting to living in a dorm?

A: No, because I was living with my sister. That made the transition easy.

Jodi Runaldue

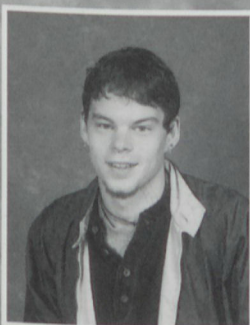

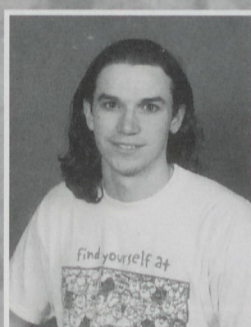

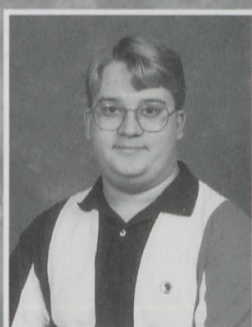

Q: What was the best thing that happened to you?

A: I found out that I am going to study at Oxford University this summer.

Q: How have your experiences at Reinhardt College affected your life?

A: I have just recently learned that I will have the opportunity to travel to England to study at Oxford University this summer. I am anticipating that this trip will enrich my life in more ways than I am able to imagine presently. I feel that being exposed to a different culture will be able to enrich my further studies at Reinhardt as well as my life after I graduate from Reinhardt. I look forward to the opportunity this trip will offer me.

Q: What was the best part of the four years that you spent here at Reinhardt College?

A: The best part of Reinhardt for me has been the small class size. The small classes have allowed me to receive more attention from the professors. This added attention has allowed me to excel in many of my classes. I am glad that I chose to attend Reinhardt.

The 1997 Eagles consist of five returning sophomore players, one transferring sophomore, and eighteen freshmen. Coach Andersson said that with the help of only six veteran players, this group of freshmen will need to step up to the college level very quickly in order to be ready for their first game.

"Our biggest challenge this year is to bring this very talented group together as a team under the leadership of a small but strong group of sophomores," Andersson said. "All the returning players saw starting time last year, and they will have to lead the team this year."

Eight Eagles players have been named to the NJCAA All-District first team in the three years Andersson has been head coach. Three of the 1997 returning sophomore players received All-District honors last season.

PBL

Phi Beta Lambda is a professional organization for college students, especially business majors. The organization enhances leadership, interpersonal, and organizational skills as well as the competitive spirit. The Reinhardt College PBL chapter fills the academic year with exciting activities that benefit the members, school, and community. This 1997-98 school year began with the selection of our officers. These officers then

attended the Georgia Fall Leadership Conference in Savannah to obtain training for their respective offices. Members have also participated in the competitive events at North District and State Conferences with hopes of competing at the National Conference in Orlando, FL. Also, several business speakers were guests at member gatherings to provide information on good citizenship and business proficiency.

The PBL officers took time off to relax on the boardwalk while in Savannah.
